# PE & PP BAG / WEED MAT

## PE & PP BAG

PE and PP Bags are generally used for animal food, agriculture, chemical product and jumbo bags for petrochemicals are also available.

### PP WOVEN BAG

**Weight :** 65gram/sq.m ~  
**Size :** 55x95cm, 60x100m...as customer's request  
**Color :** Any color available,  
**Top :** Heat cut or hemmed  
**Sealing :** single or double fold sewing at bottom  
Rope or without rope available on top  
Printing Available as customer's request

## WEED MAT

Weed mats are porous to allow water and fertilizer to penetrate into the soil beneath them for healthy plant growth. Any plant – including weeds – needs air, water and sunlight to grow. Weed barriers block the sunlight from the soil underneath them so that any weed or grass seeds will not grow through them to invade flower garden.

### 100% POLYPROPYLENE

**Weight :** 100~150gram/sq.m  
**Size :** Width 0.5 ~ 2m, Length 5~100m

**Color :** Normally black or upon request.
